HLTPOP019 Apply a population health framework

Release: 1

HLTPOP019 Apply a population health framework

Modification History

Release	Comments
Release 1	This version was released in <i>HLT Health Training Package release 3.0</i> and meets the requirements of the 2012 Standards for Training Packages. Minor changes to the elements and performance criteria. New evidence requirements for assessment, including volume and frequency requirements. Minor changes to knowledge evidence. Supersedes HLTPOP501C

Application

This unit describes the skills and knowledge to support workers to understand and apply the underlying principles and philosophy that must be reflected in all areas of population health work.

This unit applies to work in a public health context and workers at this level will demonstrate judgement and autonomy within broad guidelines.

The skills in this unit must be applied in accordance with Commonwealth and State/Territory legislation, Australian/New Zealand standards and industry codes of practice.

Elements and Performance Criteria

ELEMENT

PERFORMANCE CRITERIA

Elements define the essential outcomes.

Performance Criteria specify the level of performance needed to demonstrate achievement of the Element.

1. Apply the principles of the population health approach to relevant work

1.1 Identify current and historic concepts of health and its determinants

1.2 Identify key principles involved in a population health approach

1.3 Modify work approach to apply key principles of population health

2. Select from a range of change

2.1 Identify relevant population health change action

ELEMENT**PERFORMANCE CRITERIA**

Elements define the essential outcomes.

Performance Criteria specify the level of performance needed to demonstrate achievement of the Element.

action frameworks that underpin population health work

frameworks

2.2 Match appropriate change action frameworks to population health tasks on the basis of theory and/or past evidence

2.3 Apply a multi-disciplinary and multi-strategic approach in population health work

3. Collaborate with others

3.1 Identify and assess relevant local, state/territory and national organisations, networks, policies and initiatives supporting population health

3.2 Identify and examine priority population health issues at the local, State/Territory, national and international levels

3.3 Determine limitations on actions resulting from legislation and discuss with superiors, peers and other team members

3.4 Collaborate with colleagues and clarify own role as part of a strategic approach to population health

Foundation Skills

The Foundation Skills describe those required skills (language, literacy, numeracy and employment skills) that are essential to performance.

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Unit Mapping Information
