HLTSHU001 Work within a framework of traditional oriental medicine

Release: 1

HLTSHU001 Work within a framework of traditional oriental medicine

Modification History

Release	Comments
Release 1	This version was released in <i>HLT Health Training Package release 2.0</i> and meets the requirements of the 2012 Standards for Training Packages. New unit.

Application

This unit describes the skills and knowledge required to establish the foundations of traditional oriental medicine and then to integrate its philosophies and principles into practice.

This unit applies to any complementary health practitioner whose practice is based on the oriental medicine framework.

The skills in this unit must be applied in accordance with Commonwealth and State/Territory legislation, Australian/New Zealand standards and industry codes of practice.

Elements and Performance Criteria

ELEMENT

PERFORMANCE CRITERIA

Elements define the essential outcomes

Performance criteria describe the performance needed to demonstrate achievement of the element.

1. Establish foundations of traditional oriental medicine

- 1.1 Identify, access and interpret information on the central philosophies of traditional oriental medicine
- 1.2 Evaluate the traditional oriental medicine system of treatment and its application to current health issues
