Description

This qualification covers workers who are operational in a range of Population Health projects/programs particularly in relation to Indigenous Environmental Health. Workers at this qualification level apply competencies within routines, methods and procedures where discretion and judgement would be required under very broad guidance in the fulfilment of work likely to be allocated by a Population Health professional. These workers may be responsible for limited organisation of the work of others.

This qualification is suited to Australian Apprenticeship pathways.

Occupational titles for these workers may include:

- Indigenous environmental health worker
- Indigenous public health officer
- Environmental health officer
- Environmental health worker
- Environmental field support officer
