Assessment Requirements for ICPDMT3220 Edit digital images

Release: 1

Assessment Requirements for ICPDMT3220 Edit digital images

Modification History

Release	Comments
Release 1	This version first released with ICP Printing and Graphic Arts Training Package Version 4.0.

Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of the unit, including evidence of the ability to:

- edit and save at least three digital images for export according to job specifications and enterprise procedures.

In the course of the above, the candidate must:

- comply with work health and safety (WHS) requirements for the use of a digital camera.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- when image editing and manipulation are required
- image profiling and its uses
- colour space and conversion processes
- difference between Red Green Blue (RGB) to Cyan Magenta Yellow Black (CMYK) colours and their uses
- image storage requirements
- various image file formats and their key features
- factors that affect grey balance and colour in an image.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry. Noise levels, production flow, interruptions and time variances must be typical of those experienced in the area of work.

This includes access to:

- image manipulation software and hardware.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
