Assessment Requirements for ICPPRN3830 Prepare for personalised digital printing

Release: 1

Assessment Requirements for ICPPRN3830 Prepare for personalised digital printing

Modification History

Release	Comments
Release 1	This version first released with ICP Printing and Graphic Arts Training Package Version 4.0.

Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- manage and adjust digital data to conform to print requirements prior to digital printing and produce personalised digital print runs that involve setting data files and ensuring correct sequence on at least two occasions.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- procedures for establishing job requirements
- work health and safety (WHS) requirements for:
  - setting up and operating the printing machines
  - maintaining a safe work area
- set up required to run the printing machines efficiently
- types of data files required for the job
- checks to ensure data is uncorrupted
- result prediction
- data interpretation and retrieval procedures
- output quality standards and factors determining machine operating speed
- common machine adjustments required to meet job specifications
- common image faults and their causes
- required methods of image registering
- quality criteria to check in sample against job specifications
- communication protocols for supervisor or client personnel in case of production changes
- manufacturer manuals, enterprise procedures and work health and safety documentation, including their location and purpose.

Assessment Conditions

Gather evidence to demonstrate consistent performance in conditions that are safe and replicate the workplace. Noise levels, production flow, interruptions and time variances must be typical of those experienced in the printing field of work and include access to:

- special purpose tools, equipment and materials
- digital printer.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
