Release: 1

ICPPRP2520 Output images

Modification History

Release	Comments
Release 1	This version first released with ICP Printing and Graphic Arts Training Package Version 4.0.

Application

This unit describes the skills and knowledge required to prepare an output device for outputting images. Devices may include, plate setters, image setters and commercial digital printers.

It applies to individuals who have some responsibility for designing and preparing layouts and artwork, and manipulating images and texts to meet production requirements. They generally work under direct supervision.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Unit Sector

Pre-Press

Elements and Performance Criteria

ELEMENT	PERFORMANCE CRITERIA
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Prepare output device	1.1 Prepare and calibrate output device according to manufacturer and job specifications and work health and safety (WHS) requirements 1.2 Complete all required proofs and checks according to enterprise procedure
2. Output image	2.1 Use system to initiate output according to job specifications 2.2 Manage print queues to meet enterprise requirements 2.3 Evaluate image output to confirm it conforms to job specifications 2.4 Prepare image for next stage of production process according to enterprise requirements

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria.

Skill	Description
Reading	Identifies and evaluates text to establish job requirements
Planning and Organising	- Determines priorities and sequences steps involved in clearly defined, familiar tasks and identifies and assembles resources required - Initiates standard procedures when responding to familiar problems within immediate context
Problem Solving	Applies analytical processes to resolve technical problems
Technology	Understands purposes, specific functions and key features of common digital systems and tools and operates them to create and save files in required format

Unit Mapping Information

Supersedes and is equivalent to ICPPRP252 Output images.
