Assessment Requirements for ICPPRP3250

Create graphics using graphics applications

Release: 1

Assessment Requirements for ICPPRP3250 Create graphics using graphics applications

Modification History

Release	Comments
Release 1	This version first released with ICP Printing and Graphic Arts Training Package Version 4.0.

Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of the unit, including evidence of the ability to:

- develop at least two graphics for cross-media publishing using a high-end application, incorporating the following features:
 - complex shapes
 - modified embedded images
 - variable templates.

In the course of the above, the candidate must follow work health and safety (WHS) requirements for working on a computer.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- image formats
- enterprise workflow systems
- use of scripting languages
- text formatting and manipulation
- anti-aliasing
- shape drawing in graphics production software
- image manipulation
- factors that affect image quality
- design principles applied in graphics creation
- file formats required for export and transfer
- profiles
- considerations of colour management
- requirements of cross-media publishing

- work health and safety (WHS) requirements for working on a computer
- manufacturer manuals, work health and safety and enterprise documentation, including their location and purpose.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry. Noise levels, production flow, interruptions and time variances must be typical of those experienced in the area of work.

This includes access to:

- computer
- current software applications used for graphics production.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
