Assessment Requirements for ICTICT426 Identify and evaluate emerging technologies and practices

Release: 1

Assessment Requirements for ICTICT426 Identify and evaluate emerging technologies and practices

Modification History

Release	Comments
Release 1	This version first released with ICT Information and Communications Technology Training Package Version 4.0.

Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements and performance criteria of this unit; including evidence of the ability to:

- Describe and evaluate purpose, features, attributes and potential applications of:
 - three emerging technologies
 - three emerging practices in the ICT sector
- Develop a strategy to respond to each of the three emerging technologies and three emerging practices, including:
 - potential organisational opportunities and threats resulting from the emerging technology and practice
 - likely impact on current organisational technologies and practices
 - objectives of the organisation in responding to the emerging technology or practice
 - changes required in order to achieve intended objectives of the organisation
 - considerations for how to implement the changes required
 -

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements and performance criteria of this unit. This includes:

- Research approaches for emerging technologies and practices in the ICT sector and their potential impact on current technologies and practices
- Technology implementation planning methods
- Organisational technologies and practices

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in an ICT working environment or workplace. This includes access to:

- Organisational representative

Assessors of this unit must satisfy the assessor requirements in applicable vocational education and training legislation, frameworks and/or standards.
