ICTICT451 Comply with IP, ethics and privacy policies in ICT environments

Release: 1

ICTICT451 Comply with IP, ethics and privacy policies in ICT environments

Modification History

Release	Comments
Release 1	This version first released with ICT Information and Communications Technology Training Package Version 6.0.

Application

This unit describes the skills and knowledge required to comply with the protection and lawful use of intellectual property (IP) and to implement relevant organisational ethics and privacy policies.

It applies to individuals who are required to use IP owned by other persons and organisations, and to support organisations and stakeholders with the compliance of organisational ethics, and privacy policies.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Unit Sector

General ICT

Elements and Performance Criteria

ELEMENT	PERFORMANCE CRITERIA
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Establish organisational requirements to comply with IP, ethics and privacy policy procedures	1.1 Locate types of existing and potential IP, ethics and privacy policy and procedures within the organisation 1.2 Determine and access the organisation's IP, ethics and privacy policy and procedures 1.3 Identify own role in protecting and fulfilling the requirements of the organisations IP, ethics and privacy policy and procedures to avoid infringement of IP and privacy requirements 1.4 Provide support and advice to relevant personnel about the operations of the organisation's IP, ethics
