Assessment Requirements for ICTSAD610 Analyse stakeholder requirements

Release: 1

Assessment Requirements for ICTSAD610 Analyse stakeholder requirements

Modification History

Release	Comments
Release 1	This version first released with ICT Information and Communications Technology Training Package Version 6.0.

Performance Evidence

The candidate must demonstrate the ability to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including evidence of the ability to:

- define, specify and prioritise at least three different stakeholder requirements and solutions.

In the course of the above, the candidate must:

- create a model for each stakeholder requirement and solution
- document textual requirements for each stakeholder requirement and solution
- comply with stakeholder and organisational requirements.

Knowledge Evidence

The candidate must be able to demonstrate knowledge to complete the tasks outlined in the elements, performance criteria and foundation skills of this unit, including knowledge of:

- business rules analysis
- data flow diagramming
- data, organisation and process modelling, and applicable business and technical constraints
- functional decomposition
- key policies, procedures and documentation required to analyse stakeholder requirements
- risk management strategies for a range of stakeholder requirements
- potential solutions to a range of stakeholder requirements
- model creation procedures
- assumptions applicable to stakeholder requirements
- business and technical constraints
- verification procedures
- purpose of using scenarios, stories and case studies

- scope modelling.

Assessment Conditions

Skills in this unit must be demonstrated in a workplace or simulated environment where the conditions are typical of those in a working environment in this industry.

This includes access to:

- required policies and legislation
- business analysis practices and tools
- required hardware, equipment and materials
- industry software packages
- stakeholder requirements
- reports and plans prepared for projects
- a portfolio of projects to be undertaken.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
