ICTSS00158 Core Transferable IT Skills for Advanced Roles Skill Set

Release 1

ICTSS00158 Core Transferable IT Skills for Advanced Roles Skill Set

Modification History

Release	Comments
Release 1	This version first released with the Information and Communications Technology Training Package Version 8.0. Newly created to serve as a stackable skill set that builds towards attaining *ICT60220 Advanced Diploma of Information Technology*. The units in this skill set comprise some of the core units of *ICT60220 Advanced Diploma in Information Technology*.

Description

This skill set addresses the core transferable skills and knowledge required to manage teams and clients to apply critical thinking, manage team effectiveness, and interact with clients within information and communications technology (ICT) contexts.

Pathways Information

The units provide credit towards ICT60220 Advanced Diploma in Information Technology and other qualifications that allow for selection of these units. The units in this skill set comprise some of the core units of ICT60220 Advanced Diploma in Information Technology. Users are advised to consult the skill set pathways section of the current version of ICT Companion Volume Implementation Guide to confirm the currency of this information and for further guidance.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this skill set at the time of publication.

Skill Set Requirements

BSBCRT611 Apply critical thinking for complex problem solving
BSBTWK502 Manage team effectiveness
ICTICT608 Interact with clients on a business level

Target Group

This skill set is for individuals who work in advanced roles managing ICT clients, including senior technicians, and other related roles, who are responsible for independently leading teams to interact and solve client-based ICT problems in diverse business environments.

Suggested words for Statement of Attainment

These units of competency from the BSB Business Services and ICT Information and Communications Technology Training Packages meet industry requirements for a range of advanced ICT roles that solve complex problems by managing teams and clients in ICT workplace contexts.
