LMF20602 Certificate II in Picture Framing

Revision Number: 1

LMF20602 Certificate II in Picture Framing

Modification History

Not applicable.

Description

This qualification describes the skills and knowledge required to perform basis tasks in the picture framing sector that could include mounting artwork and glazing frames involving known routines and procedures and some accountability for the quality of outcomes.

Job roles/employment outcomes

The LMF20602 Certificate II in Picture Framing reflects vocational outcomes for those performing picture framing job roles.

Application

This qualification is typically used to develop picture framing skills and knowledge and perform varied activities or knowledge applications where there is a clearly defined range of contexts in which the choice of actions required is usually clear and there is limited complexity in the range of options to be applied. It can involve collaboration with others through membership of a group or team.

Pathways into the qualification

This qualification may be accessed by direct entry. Credit can be granted towards this qualification by those who have completed LMF10108 Certificate I in Furnishing or achieved equivalent industry experience.

Pathways from the qualification

Further training pathways from this qualification may include LMF30802 Certificate III in Picture Framing and relevant supervisory, management or competitive manufacturing qualifications.

Licensing considerations

There are no specific licences that relate to this qualification. However, depending on the jurisdiction, licensing or regulatory requirements may apply to the use of some units in this qualification. Local regulations should be checked for details.

Problem-solving	<ul style="list-style-type: none">• identify and report any workplace hazards• identify production problems and make contributions to their solution• apply knowledge of materials, product purpose and processes to operations• check machine performance and identify signs of faulty operations• use material and process knowledge to solve problems• monitor workplace activities and identify and report faults or problems• recognise hazards and follow appropriate hazard control measures
Initiative and enterprise	<ul style="list-style-type: none">• provide feedback on procedures and processes• gather and interpret information• ask questions regarding requirements and expectations• make suggestions for continuous improvement• inspect quality of production on an ongoing basis• record basic information on the quality and other indicators of production performance
Planning and organising	<ul style="list-style-type: none">• plan work activities• monitor production and work load priorities• select appropriate tools

EMPLOYABILITY SKILLS QUALIFICATION SUMMARY	
	<ul style="list-style-type: none"> • identify requirements for materials, quality and production • direct items to the correct area for further processing • identify and use relevant personal protective equipment • organise work area to maintain housekeeping standards
Self-management	<ul style="list-style-type: none"> • plan to meet own work requirements • keep the work area clean and tidy at all times • conduct regular housekeeping activities • interpret data and information as required by own job • monitor own work • understand own work activities • identify personal responsibilities • accept responsibility for quality of own work • follow OHS practices during the production and manufacturing of products
Learning	<ul style="list-style-type: none"> • assess own competencies in meeting job requirements • listen to feedback and advice of supervisors • identify own skill requirements and seek skill development if required • attend training or skill development activities • ask questions to expand own knowledge
Technology	<ul style="list-style-type: none"> • use appropriate tools, machines and equipment safely and effectively • use machinery to meet productivity requirements • perform minor maintenance on machinery in accordance with workplace practice • use manual handling technologies in the workplace • set up and adjust tools and equipment

Packaging Rules

Packaging Rules

To be awarded the LMF20602 Certificate II in Picture Framing, competency must be achieved in **thirteen (13)** units of competency:

- **seven (7)** core units of competency
- **six (6)** elective units of competency.

Note: Where prerequisite units apply, these have been listed, and must be considered in the total number of units.

CORE UNITS

Complete all **seven (7)** units from this list.

Unit code	Unit title	Prerequisites
LMFPP2001B	Use picture framing sector hand and power tools	
LMFPP2002B	Cut mouldings to length	
MSAENV272B	Participate in environmentally sustainable work practices	
MSAPMOHS100A	Follow OHS procedures	
MSAPMOPS101A	Make measurements	
MSAPMPSUP102A	Communicate in the workplace	
MSAPMSUP106A	Work in a team	

ELECTIVE UNITS

Select **six (6)** units from Groups A and B as specified below:

Group A

Select a minimum of **three (3)** units from Group A

Unit code	Unit title	Prerequisites
LMFPP2004B	Mount artwork	
LMFPP2006B	Cut and handle glazing materials for framing	
LMFPP2007B	Assemble artwork	

Unit code	Unit title	Prerequisites
	package (basic)	
LMFPPF2008B	Recognise and repair finishes of framing materials	
LMFPPF2003B	Join mouldings	
LMFPPF2005B	Cut mat boards	

Group B

Up to **three (3)** relevant units may be chosen from units not already selected in Group A, or units available in this Training Package, other endorsed Training Packages and accredited courses. Those units must be aligned at Certificate II or Certificate III level (maximum 2 Certificate III aligned units).

Units selected from other Training Packages and accredited courses via Group B must be relevant to the qualification outcome and not duplicate units available within this qualification.

If Competitive Manufacturing units are chosen (identified as MSACM in the code), these should only be selected on the basis of work requirements.
