LMF21108 Certificate II in Security Screens and Grills

Revision Number: 2

LMF21108 Certificate II in Security Screens and Grills

Modification History

LMF21108B and LMFGG2008B updated to Version C.

Description

This qualification describes the skills and knowledge required to perform basic tasks in the manufacture of security screens and grills involving known routines and procedures and some accountability for the quality of outcomes.

Job roles/employment outcomes

The LMF21108 Certificate II in Security Screens and Grills reflects vocational outcomes for those performing job roles in security screen and grill manufacture and installation and can include basic glazing tasks.

Application

This qualification is typically used to develop skills and knowledge in security screen and grill manufacturing and installation processes where there is a clearly defined range of contexts in which the choice of actions required is usually clear and there is limited complexity in the range of options to be applied. It could include collaboration with others through members of a group or team.

Pathways into the qualification

This qualification may be accessed by direct entry. Credit can be granted towards this qualification by those who have completed LMF10108 Certificate I in Furnishing or achieved equivalent industry experience.

Pathways from the qualification

Further training pathways from this qualification may include LMF31608 Certificate III in Security Screens and Grills and relevant supervisory, management or competitive manufacturing qualifications.

Licensing considerations

There are no specific licences that relate to this qualification. However, depending on the jurisdiction, licensing or regulatory requirements may apply to the use of some units in this qualification. Local regulations should be checked for details.

Pathways Information

Not applicable.

Licensing/Regulatory Information

Entry Requirements

Not applicable.

Employability Skills Summary

EMPLOYABILITY SKILLS QUALIFICATION SUMMARY

EMPLOYABILITY SKILLS QUALIFICATION SUMMARY	
Employability Skill	Industry/enterprise requirements for this qualification include:
Communication	<ul style="list-style-type: none"> collect, organise and understand information related to work orders, basic plans and safety procedures communicate ideas and information to enable confirmation of work requirements and specifications, coordination of work with site supervisor, other workers and customers, and the reporting of work outcomes and problems
Teamwork	<ul style="list-style-type: none"> work with others and in a team by recognising dependencies and using cooperative approaches to optimise work flow and productivity
Problem-solving	<ul style="list-style-type: none"> use checking and inspection techniques to ensure security screens and grills comply with specifications and that instances of non-compliance are remedied
Initiative and enterprise	<ul style="list-style-type: none"> recognise and respond to circumstances outside instructions or personal competence
Planning and organising	<ul style="list-style-type: none"> plan and organise activities including the preparation and layout of own worksite and the obtaining and use of tools and materials to avoid any backtracking, work flow interruptions or wastage during the production cycle use mathematical ideas and techniques to correctly complete measurements, calculate area and volume, and estimate other material requirements
Self-management	<ul style="list-style-type: none"> clarify and confirm <i>specified</i> work instructions plan own work within given task parameters apply systematic and effective time management accept responsibility for given tasks set, monitor and satisfy personal work goals
Learning	<ul style="list-style-type: none"> satisfy the competency requirements for the job maintain current knowledge of tools and production materials maintain current knowledge of production techniques and processes seek learning opportunities
Technology	<ul style="list-style-type: none"> use the workplace technology related to the specified work including hand and power tools, calculators and measuring devices

n

Packaging Rules

Packaging Rules

To be awarded the LMF21108 Certificate II in Security Screens and Grills, competency must be achieved in **thirteen (13)** units of competency.

- **eight (8)** core units of competency
- **five (5)** elective units of competency.

Note: Where prerequisite units apply, these have been listed, and must be considered in the total number of units.

CORE UNITS

Complete all **eight (8)** units from this list.

Unit code	Unit title	Prerequisites
LMFGN2002B	Move and store materials and products	
LMFSS2001A	Use security screens and grills hand and power tools	
LMFSS2002A	Rectify faults in product	
MSAENV272B	Participate in environmentally sustainable work practices	
MSAPMOHS100A	Follow OHS procedures	
MSAPMOPS101A	Make measurements	
MSAPMSUP102A	Communicate in the workplace	
MSAPMSUP106A	Work in a team	

ELECTIVE UNITS

Select **five (5)** units from Groups A or B as specified below.

Group A

Select a minimum of **one (1)** unit from Group A.

Unit code	Unit title	Prerequisites
HLTFA301B	Apply First Aid	
LMFFM2010B	Set up, operate and maintain basic static machines	
LMFGG2001C	Use glass and glazing hand and power tools	
LMFGG2008C	Glaze/re-glaze residential windows and doors	
LMFSS2003A	Prepare product for Australian Standards testing	
LMFSS2004A	Undertake surface preparation	

Group B

Up to **four (4)** units may be chosen from units not already selected from Group A, or units available in this Training Package or other endorsed Training Packages and accredited courses. The units must be aligned at Certificate II or Certificate III level (a maximum of 1 from Certificate III)

Units selected from other Training Packages and accredited courses via Group B must be relevant to the qualification outcome and not duplicate units available within this qualification.

If Competitive Manufacturing units are chosen (identified as MSACM in the code), these should only be selected on the basis of work requirements.
