LMF30702 Certificate III in Mattress and Base Making

Revision Number: 1

LMF30702 Certificate III in Mattress and Base Making

Modification History

Not applicable.

Description

This qualification describes the skills and knowledge required to perform mattress and base manufacture and assembly including job costing.

Job roles/employment outcomes

The LMF30702 Certificate III in Mattress and Base Making reflects vocational outcomes for those performing mattress and base making processes in a defined range of skilled operations, usually within a range of broader related activities involving known routines, methods and procedures, where some discretion and judgement is required in the selection of equipment, services or contingency measures and within known time constraints.

Application

This qualification is typically used to develop skills and a breadth, depth and complexity of knowledge in mattress and base making techniques and would cover selecting, adapting and transferring this skill and knowledge to new environments and providing technical advice and some leadership in resolution of specific problems. Application would be across a range of roles in a variety of contexts with some complexity in the extent and choice of options available and may involve some responsibility for others. Participation in teams including group or team coordination may be required.

Pathways into the qualification

This qualification may be accessed by direct entry. Credit can be granted towards this qualification by those who have completed LMF20502 Certificate II in Mattress and Base Making or achieved equivalent industry experience.

Pathways from the qualification

Further training pathways from this qualification may include LMF40202 Certificate IV in Furnishing Technology or similar qualifications plus relevant supervisory, management or competitive manufacturing qualifications.

Licensing considerations

There are no specific licences that relate to this qualification. However, depending on the jurisdiction, licensing or regulatory requirements may apply to the use of some units in this qualification. Local regulations should be checked for details.

Employability Skills Summary

EMPLOYABILITY SKILLS QUALIFICATION SUMMARY

Employability Skill	Industry/enterprise requirements for this qualification include:
Communication	<ul style="list-style-type: none"> • complete written documents, forms and timesheets • use communication technologies efficiently • communicate production abnormalities • demonstrate effective and appropriate communication and interpersonal skills when dealing with people from a range of backgrounds • read, interpret and communicate production schedules • communicate with all team members
Teamwork	<ul style="list-style-type: none"> • work cooperatively with people of different ages, gender, race or religion • liaise with and provide support to other team members • work as part of a team • keep team members informed of changes to work practices • identify team performance required to meet customer needs • provide leadership to others in the team • encourage the sharing of information between team members • plan and support team activities
Problem-solving	<ul style="list-style-type: none"> • identify and report problems and make contributions to their solution • investigate problem causes • implement changes • examine tools for damage, missing components or other defects • identify and promptly address problems or issues • assess quality of work pieces • determine effective work practices • provide problem solving support to team members • problem solve machine operational and maintenance requirements
Initiative and enterprise	<ul style="list-style-type: none"> • seek and provide feedback on procedures • gather and analyse information • record information on the quality and other indicators of production performance • adjust and implement production schedules changes • provide leadership • identify and implement process improvements • coordinate work activities and manufacturing processes

EMPLOYABILITY SKILLS QUALIFICATION SUMMARY

	<ul style="list-style-type: none"> • monitor workplace performance • use analytical and decision making skills
Planning and organising	<ul style="list-style-type: none"> • identify hazards and implement appropriate hazard control measures • organise self and others to meet production schedules • identify and rectify stock shortages in advance • sequence work to maximise safety and productivity • select and use appropriate tools and equipment • determine materials, quality and production requirements • apply time management skills to ensure work flow
Self-management	<ul style="list-style-type: none"> • interpret and apply relevant acts and regulations • keep the work area clean and tidy at all times • conduct regular housekeeping activities • understand own work activities • manage own time and establish own work schedule • develop and implement workplace procedures and instructions • locate, interpret and apply information relevant to own work • monitor and evaluate own work quality • accept responsibility for quality of work
Learning	<ul style="list-style-type: none"> • develop learning activities as appropriate • assess competencies in meeting job requirements • identify own training needs and seek skill development if required • listen to feedback from others • identify sources of information to expand knowledge and understanding • identify and address skill development needs of others in the team
Technology	<ul style="list-style-type: none"> • use software applications effectively • properly start up, operate and shut down computers • work with technology safely and according to workplace standards • establish procedures • carry out pre-operational checks on equipment and machines • operate equipment and machines safely, efficiently and to productivity requirements • monitor and adjust machine functions • perform machine maintenance as determined by workplace procedures • clean and check equipment and machines

Packaging Rules

Packaging Rules

To be awarded the LMF30702 Certificate III in Mattress and Base Making, competency must be achieved in **twenty (20)** units of competency.

- **twelve (12)** core units of competency
- **eight (8)** elective units of competency.

Note: Where prerequisite units apply, these have been listed, and must be considered in the total number of units.

CORE UNITS

Complete all **twelve (12)** units from this list.

Unit code	Unit title	Prerequisites
LMFGN3001B	Read and interpret work documents	
LMFGN3002B	Estimate and cost job	
LMFMB2001B	Use mattress and base sector hand and power tools	
LMFMB2002B	Prepare and assemble base unit	
LMFMB2003B	Assemble mattress components	
LMFMB2004B	Cut mattress and base fabrics	
MSAENV272B	Participate in environmentally sustainable work practices	
MSAPMOHS200A	Work safely	
MSAPMOPS101A	Make	

Unit code	Unit title	Prerequisites
	measurements	
MSAPMSUP102A	Communicate in the workplace	
MSAPMSUP106A	Work in a team	
TLID307E	Handle dangerous goods/hazardous substances	

ELECTIVE UNITS

Select **eight (8)** units from Groups A and B as specified below.

Group A

Select a minimum of **three (3)** units from Group A.

Unit code	Unit title	Prerequisites
LMFMB3001B	Assemble springs for mattresses	
LMFMB3002B	Make springs for mattresses and bases	
LMFMB3003B	Set up, operate and maintain a tape edging machine	
LMFMB3004B	Set up, operate and maintain a quilting machine	

Group B

Up to **five (5)** relevant units may be chosen from units not already selected from Group A, or units available in this Training Package or other endorsed Training Packages and accredited courses. Those units must be aligned at Certificate II level (maximum 1 unit), Certificate III level (maximum 5 units) or Certificate IV level (maximum 1 unit).

Units selected from other Training Packages and accredited courses via Group B must be relevant to the qualification outcome and not duplicate units available within this qualification.

If Competitive Manufacturing units are chosen (identified as MSACM in the code), these should only be selected on the basis of work requirements.
