MARF004 Meet work health and safety requirements

Release: 2

MARF004 Meet work health and safety requirements

Modification History

Release 2. Additional information about safety included in RoC. Mapping information has been corrected.

Release 1. New unit of competency.

Application

This unit involves the skills and knowledge required to follow defined work health and safety (WHS)/occupational health and safety (OHS) policies and procedures relating to the work being undertaken in order to ensure own safety and that of others on board a vessel.

This unit applies to deck and engine workers working in the maritime industry on vessels up to 80 metres. They could be working independently or as part of a vessel crew.

This unit has links to legislative and certification requirements.

Pre-requisite Unit

Not applicable.

Competency Field

F – Operational Quality and Safety

Unit Sector

Not applicable.

Elements and Performance Criteria

Elements describe the essential outcomes.

Performance criteria describe the performance needed to demonstrate achievement of the element.

1 Recognise safety management system requirements

- 1.1 WHS/OHS responsibilities and duties are identified and accountability processes are outlined
- 1.2 WHS/OHS policies and procedures are accessed and reviewed, and clarification is sought where necessary
- 1.3 Implications of changes to the safety management system (SMS) are identified and addressed

- 1.4 Records are accurately completed
- 2 Work safely**
 - 2.1 Established safety procedures are followed when conducting work
 - 2.2 Work for which personal protective clothing and/or equipment is required is identified
 - 2.3 Personal protective clothing and/or equipment is used, maintained and stored according to workplace procedures
 - 2.4 Safety checks on all equipment and machinery are undertaken before operation according to workplace procedures
 - 2.5 Hazardous chemicals are identified and handled according to workplace procedures
 - 2.6 Safe manual handling techniques are used when conducting work
 - 2.7 Worker/employee responsibilities prescribed in WHS/OHS legislation are recognised and carried out
- 3 Follow workplace procedures for hazard identification, risk assessment and risk control**
 - 3.1 Hazards in the workplace are recognised and reported to designated personnel according to workplace procedures
 - 3.2 Assessment of risks associated with identified hazards is made according to workplace procedures
 - 3.3 Workplace procedures and work instructions for controlling risks are followed
 - 3.4 Risks to fellow workers and other people are recognised and action is taken to eliminate or reduce them
- 4 Participate effectively in WHS/OHS consultation processes**
 - 4.1 WHS/OHS issues are raised with designated personnel according to workplace procedures
 - 4.2 Contributions are made to workplace meetings, inspections and other WHS/OHS activities
 - 4.3 Ideas are provided to control the level of risk associated with work tasks
- 5 Follow emergency procedures**
 - 5.1 Emergency incidents are identified and reported
 - 5.2 Emergency procedures are followed in responding to emergency incidents

- 5.3 Emergency equipment is used in responding to emergency incidents
- 5.4 Appropriate personnel are notified according to workplace procedures

Foundation Skills

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

Range is restricted to essential operating conditions and any other variables essential to the work environment.

Safety procedures must include:

- safety management systems
- instructions on how a workplace activity should be carried out, by whom and when include:
- accident and incident reporting
- electrical safety
- emergency procedures
- health and hygiene
- isolation
- manual handling
- noise and vibration
- fatigue management
- permit to work
- plant and equipment
- rescue procedures
- use and storage of hazardous substances
- material safety data sheets
- use of personal protective equipment
- use of safety and flotation devices
- vessel housekeeping
- work in rough weather
- working with the elements

Personal protective clothing and equipment include one or more of the following:

- aprons
- breathing apparatus
- eye protectors
- gloves
- harnesses
- hats
- hearing protectors
- helmets
- overalls
- personal flotation devices
- personal locator beacons
- safety lines
- shoes
- spats

Hazardous chemicals include one or more of the following:

- battery acid
- cleaning fluids
- fuel

- Safe manual handling techniques must include the following:
- gas
 - oils and lubricants
 - paint
 - thinners
 - bending
 - lifting
 - loading materials
 - moving
 - pulling
 - pushing
 - repetitive tasks
 - storing materials at heights
 - up-ending materials
- Worker/employee responsibilities must include the following:
- accepting responsibility for protection of health and safety of others through avoidance of personal action that will put others at risk
 - cooperating with employer/supervisor in any action taken to comply with WHS/OHS legislation
 - taking reasonable care for own health and safety
 - complying with general safety duties relating to domestic vessels under Marine Safety (Domestic Commercial Vessel) National Law Act 2012
- Hazards must include the following:
- contact with chemicals and hazardous substances
 - contaminants
 - contact with electricity
 - contact with plant and marine life
 - dangerous organisms
 - equipment operation and maintenance
 - falls, trips and slips
 - exposure to heat, cold and water
 - hitting or being hit by stationary or moving objects
 - immersion in water without a personal flotation device (PFD)
 - ladders
 - manual handling
 - noise
 - fatigue
 - poor housekeeping and lack of deck space
 - repetitive movements and awkward postures
 - smoking and alcohol
 - unventilated holds
 - weather and water conditions
 - working in confined spaces

- Designated personnel include one or more of the following:
- working with inappropriate clothing
 - working with knives
 - master of the vessel
 - supervisors, managers and team leaders
 - workplace WHS/OHS personnel
 - other persons authorised or nominated by the workplace to perform, approve, inspect or direct specified work
- Emergency incidents include one or more of the following:
- beaching with and without heavy surf
 - chemical spills
 - collisions
 - disabled vessel
 - electrocution
 - falling or being dragged overboard
 - fire
 - flood
 - grounding
 - hull damage
 - immersion in water
 - injuries associated with dangerous organisms (such as bites, stings, poisoning)
 - injuries associated with machines, vehicles, vessels, diving
 - loss of rudder
 - lost or fouled propeller
 - rescue activities
 - rough weather and heavy seas
 - vessel capsize

Unit Mapping Information

This unit replaces and is equivalent to MARF1005A Meet work health and safety requirements.

MARF1005A replaces and is equivalent to TDMMF5407A Observe safety and emergency procedures on a coastal vessel.
