MARF040 Manage ship security (Ship Security Officer)

Release: 1

MARF040 Manage ship security (Ship Security Officer)

Modification History

Release 1. This is the first release of this unit of competency in the MAR Maritime Training Package.

Application

This unit involves the skills and knowledge required to manage ship security.

This unit applies to people working in the maritime industry in the capacity of:

• Ship Security Officer.

Licensing/Regulatory Information

This unit is equivalent to and delivers the objectives of the following STCW provisions:

• STCW Reg VI/5 and Code Section A-VI/5 (1-4), Table A-VI/5.

Legislative and regulatory requirements are applicable to this unit.

- This unit is one of the requirements to obtain Australian Maritime Safety Authority (AMSA) certification as a Ship Security Officer and to meet regulatory requirements this unit must be delivered consistent with Marine Orders and with the relevant sections of the International Convention on Standards of Training, Certification and Watchkeeping for Seafarers (STCW).
- Those regulatory requirements include STCW International Maritime Organization (IMO) model course competencies and areas of knowledge, understanding and proficiency, together with the estimated total hours required for lectures and practical exercises. Teaching staff should note that timings are suggestions only and should be adapted to suit individual groups of trainees depending on their experience, ability, equipment and staff available for training.
