MARSS00014 Anchor Handling and Cargo Operations Skill Set

Release 1

MARSS00014 Anchor Handling and Cargo Operations Skill Set

Modification History

Release 1. New Skill Set

Description

This Skill Set reflects the skills required by Integrated Ratings to undertake a range of offshore anchor handling and towing activities on board an Anchor Handling Tug Supply (AHTS), under the direction of the officer in charge or Master.

Pathways Information

The Anchor Handling and Cargo Operations Skill Set is part of the MAR Maritime Training Package.

Licensing/Regulatory Information

Users should ensure that they have also read the section in the Companion Volume Implementation Guide that outlines licensing and regulatory requirements.

Skill Set Requirements

A total of **2 units** of competency must be attained.

MARA007	Contribute to safe cargo operations on offshore support vessels
MARA008	Contribute to safe anchor handling and towing operations

Target Group

People who hold a current Certificate III in Maritime Operations (Integrated Rating) or higher deck or engineer officer qualification or equivalent, or are working towards such qualifications.

It is most suitable for personnel new to offshore operations.

Suggested words for Statement of Attainment

The MAR Anchor Handling and Cargo Operations Skill Set provides additional skills required by an Integrated Rating to support a range of offshore anchor handling operations.
