MEALSU0007 Maintain, install and remove restraint systems

Release: 1

MEALSU0007 Maintain, install and remove restraint systems

Modification History

Release 1. Application changed. Elements and Performance Criteria changed. Foundation Skills made explicit. Range of Conditions removed, and relevant information moved to Assessment Requirements. Assessment Requirements clarified. Supersedes and is equivalent to MEA508 Maintain, install and remove restraint systems.

Application

This unit describes the skills and knowledge to maintain, install and remove personal restraint systems. Maintenance may be performed in-situ or in a maintenance workshop and involves inspection, fault diagnosis, parts replacement, repairs completion and cleaning during scheduled or unscheduled maintenance. Work may be performed individually or as part of a team.

The unit applies to a range of personal restraint systems.

The unit is used in workplaces that operate under the airworthiness regulatory systems of the Civil Aviation Safety Authority (CASA) and the Defence Aviation Safety Authority (DASA).

Any other relevant legislation, industry standards and codes of practice within Australia must be applied.

Pre-requisite Unit

MEA107 Interpret and use aviation maintenance industry manuals and specifications

MEA118 Conduct self in the aviation maintenance environment

MEA154 Apply work health and safety practices in aviation maintenance

MEA155 Plan and organise aviation maintenance work activities

MEA156 Apply quality standards during aviation maintenance activities

MEA157 Complete aviation maintenance industry documentation

MEA158 Perform basic hand skills, standard trade practices and fundamentals in aviation maintenance

MEALSU0010 Operate and maintain sewing machines and overlockers

MSFSF2002 Machine sew materials

Competency Field

Aircraft life support

Elements and Performance Criteria

Elements	Performance Criteria
----------	----------------------

Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Maintain restraint belts or harnesses	1.1 Inspect restraint belts or harnesses for serviceability in accordance with standard procedures 1.2 Report identified faults beyond own authority to rectify to supervisor, and quarantine faulty restraint system 1.3 Inspect, test and replace unserviceable parts of a quick release fitting 1.4 Replace unserviceable parts of the restraint belts or harnesses to render restraint system serviceable in accordance with standard procedures while observing all relevant work health and safety (WHS) requirements, including the use of material safety data sheets (MSDSs) and items of personal protective equipment (PPE) 1.5 Complete basic restraint belt or harness stitching repairs in accordance with standard procedures 1.6 Clean restraint belts or harnesses in accordance with standard procedures 1.7 Present restraint belts or harnesses for inspection by supervisor in accordance with standard procedures 1.8 Complete and process maintenance documentation in accordance with standard enterprise procedures 1.9 Clean and perform required maintenance on equipment and tools used in accordance with standard enterprise procedures
2. Remove restraint systems	2.1 Obtain approval to remove restraint system in accordance with standard enterprise procedures 2.2 Remove restraint system from aircraft in accordance with maintenance publications 2.3 Complete and process removal-related maintenance documentation in accordance with standard enterprise procedures
3. Install restraint systems	3.1 Obtain approval to fit restraint system in accordance with standard enterprise procedures 3.2 Fit restraint system to aircraft in accordance with applicable maintenance publication 3.3 Complete and process maintenance documentation in accordance with standard enterprise procedures 3.4 Clean and perform required maintenance on equipment and tools used in accordance with standard enterprise procedures

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria:

- Reading skills to interpret a wide range of procedures and manuals.
- Numeracy skills to interpret technical information including drawings.
- Writing and oral communication skills to complete documentation.

Other foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Unit Mapping Information

Release 1. Supersedes and is equivalent to MEA508 Maintain, install and remove restraint systems.
