Qualification Description

This qualification describes the skills and knowledge required to perform basic furnishing industry tasks used in a range of industry job roles involving given routines and procedures and limited accountability for the quality of outcomes while supporting others.

This qualification is typically used to develop skills and knowledge in basic furnishing techniques that include a variety of employment-related skills, including preparatory access and participation skills, broad-based induction skills and/or specific workplace skills. It involves collaboration with others through members of a group or team.

Meaningful involvement of industry is essential to achieving this qualification outcome and workplace visits and placement to ensure exposure of learners to realistic workplace conditions and employer expectations is required.

There are no specific licences that relate to this qualification. However, depending on the jurisdiction, licensing or regulatory requirements may apply to the use of some units in this qualification. Local regulations should be checked for details.
