# **MSF40318 Certificate IV in Kitchen and Bathroom Design**

**Release 1**

# MSF40318 Certificate IV in Kitchen and Bathroom Design

## Modification History

Release 1. Supersedes and is equivalent to MSF40313 Certificate IV in Design of Kitchens, Bathrooms and Interior Spaces.

## Qualification Description

This qualification reflects the role of individuals who design kitchens and bathrooms that typically feature built-in cabinetry and furniture. They may work in larger organisations or as independent designers.

Designers work directly with the client and/or with professionals, such as architects, builders, retailers, interior designers and suppliers. They possess a broad range of specialised and technical knowledge and skills, and they research and compare information from diverse sources to develop design solutions. They also use well-developed communication skills and may provide some leadership and guidance to others.

There are no specific licences that relate to this qualification. Work may require access to construction sites and require White Card construction induction training and certification covered by the unit CPCCWHS1001 Prepare to work safely in the construction industry. Local regulations should also be checked for requirements.

## Entry Requirements

There are no entry requirements for this qualification.

## Packaging Rules

Total number of units = 16

- **11** core units
- **5** elective units, consisting of:
  - **at least 3** units from the electives listed below
  - **up to 2** units from the list below, any endorsed Training Package or accredited course – these units must be relevant to the work outcome.

Units selected from other Training Packages and accredited courses must not duplicate units available within this qualification.

## CORE UNITS

|           |  |
|-----------|--|
| MSFFM3011 | Measure and draw site layout for manufactured furniture products               |
| MSFID4014 | Produce digital models and documentation for interior design projects          |
| MSFID4022 | Prepare quotation and contract documentation for design projects               |
| MSFKB3010 | Detail cabinet construction requirements                                       |
| MSFKB3011 | Plan kitchen and bathroom projects   |
| MSFKB4009 | Determine spatial planning considerations for kitchen designs                  |
| MSFKB4010 | Determine spatial planning considerations for bathroom design                  |
| MSFKB4011 | Design ancillary residential cabinetry   |
| MSFKB4013 | Document residential building services   |
| MSFKB4015 | Research and recommend materials, components and finishes for kitchen designs  |
| MSFKB4016 | Research and recommend materials, components and finishes for bathroom designs |

## **ELECTIVE UNITS**

|             |  |
|-------------|--|
| BSBCRT401   | Articulate, present and debate ideas   |
| BSBCUS402   | Address customer needs   |
| BSBDES302   | Explore and apply the creative design process to 2D forms                        |
| BSBDES303   | Explore and apply the creative design process to 3D forms                        |
| BSBDES305   | Source and apply information on the history and theory of design                 |
| BSBDES401   | Generate design solutions  |
| BSBDES403   | Develop and extend design skills and practice                                    |
| CPCCBC4002A | Manage occupational health and safety in the building and construction workplace |
| CPCCBC4003A | Select and prepare a construction contract                                       |
| CPCCBC4004A | Identify and produce estimated costs for building and construction projects      |

|             |  |
|-------------|--|
| CPCCBC4008B | Conduct on-site supervision of building work and construction projects |
| CPCCBC4009B | Apply legal requirements to building and construction projects         |
| CPCCWHS1001 | Prepare to work safely in the construction industry                    |
| CUADES403   | Research and apply techniques in spatial design                        |
| MSFFT4001   | Coordinate on-site installation of furnishing products                 |
| MSFFT4009   | Match furnishing style and materials to customer requirements          |
| MSFGN4001   | Research and meet ethical and compliance requirements                  |
| MSFID4012   | Decorate residential interiors   |
| MSFID4013   | Design residential interior lighting                                   |
| MSFID4015   | Prepare materials and finishes boards for client presentation          |
| MSFID4016   | Design colour schemes for interior and exterior spaces                 |
| MSFID4019   | Research interior decoration and design influences                     |
| MSFID4020   | Research and integrate embedded technologies in interior designs       |
| MSFID5020   | Design residential interiors   |
| MSFID5023   | Design for all ages and abilities                                      |
| MSFKB3003   | Check and measure fit of cabinets                                      |
| MSFKB3009   | Provide advice on modular kitchens                                     |
| MSFKB4012   | Determine layout for laundry components                                |
| MSMENV472   | Implement and monitor environmentally sustainable work practices       |
| MSMSUP390   | Use structured problem-solving tools                                   |

## Qualification Mapping Information

Supersedes and is equivalent to MSF40313 Certificate IV in Design of Kitchens, Bathrooms and Interior Spaces.
