MSFBA3011 Assemble awnings

Release: 1

MSFBA3011 Assemble awnings

Modification History

Release 1. New unit of competency.

Application

This unit of competency describes the skills and knowledge required to prepare and assemble a range of awnings according to job requirements. The unit involves planning job requirements, identifying required products and components to be assembled and their measurements, and applying workplace procedures to ensure safe and correct assembly.

The unit applies to those assembling any awning for residential and commercial environments. The styles of awning to be assembled include folding-arm and canopy style. The awnings include light-weight domestic, heavy-weight commercial, and fire-rated and cyclone-rated. They may be intended for installation in a range of openings, including windows, doors and building entrances.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Not applicable.

Unit Sector

Blinds and awnings

Elements and Performance Criteria

Elements Elements describe the essential outcomes.	Performance Criteria Performance criteria describe the performance needed to demonstrate achievement of the element.	
1. Prepare to assemble awnings	1.1	Identify and confirm job requirements and style of awning to be assembled from work order and supplier instructions
	1.2	Identify work health and safety (WHS) and personal protection requirements of assembly
	1.3	Select tools and equipment, and check their safe and effective operation
	1.4	Select materials from stock and check against job requirements

Elements Elements describe the essential outcomes.	Performance Criteria Performance criteria describe the performance needed to demonstrate achievement of the element.	
	1.5	Plan logical, safe and efficient work sequence that reflects work order and quality requirements, and economically uses materials
2. Assemble awnings	2.1	Source required materials, equipment, and awning mechanisms in line with work instructions and manufacturer specifications
	2.2	Lay out, measure, mark and cut materials for awning
	2.3	Assemble component parts according to job requirements and manufacturer specifications
	2.4	Finish awning assembly according to work instructions
3. Finalise assembly	3.1	Check that assembled awning complies with quality and work order requirements, and rectify identified deficiencies within scope of own role or report to designated personnel
	3.2	Clean assembled awning according to workplace procedures
	3.3	Check tools and equipment, and tag and report faulty items according to workplace procedures
	3.4	Clean, maintain and store remaining tools and equipment according to workplace procedures
	3.5	Clean work area and surfaces, and dispose of waste safely and sustainably according to workplace procedures
	3.6	Legibly complete and process required workplace documentation according to workplace procedures

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria of this unit of competency.

Numeracy skills to:	<ul style="list-style-type: none"> • interpret, discuss and use mathematical information in work orders, work instructions and awning specifications • use mathematical information to estimate and measure assembly requirements, including required tolerances
---------------------	--

This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria of this unit of competency.	
Oral communication skills to:	<ul style="list-style-type: none"> • communicate ideas and information to confirm work requirements and specifications and report work outcomes and problems: • speaking clearly • asking questions to gain information
Reading skills to:	<ul style="list-style-type: none"> • interpret routine workplace documentation, including: • WHS requirements and procedures • workplace assembly requirements and operator instructions • work orders and instructions • awning specifications, including design, size and quantity

Unit Mapping Information

Release 1. New unit of competency. No equivalent unit.
