MSFFF2011 Remove surface coatings

Release: 1

MSFFF2011 Remove surface coatings

Modification History

Release 1. Changes to code, application, elements, performance criteria, assessment requirements. Foundation skills added. Range of conditions removed. Assessment requirements changed.

Application

This unit describes the skills and knowledge required to safely remove surface coatings by hand or by chemical means, in preparation for new surface coatings to be applied.

Workers with this competency complete routine tasks in the furniture finishing industry.

No licensing or certification requirements exist at the time of publication. Relevant legislation, industry standards and codes of practice within Australia must be applied.

Competency Field

Furniture finishing

Elements and Performance Criteria

Elements	Performance Criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Prepare for surface coating removal	1.1 Determine task requirements from work documentation 1.2 Identify and follow work health and safety requirements 1.3 Test and identify surface coating 1.4 Select tools, equipment, materials, accessories and consumables to meet task requirements and check they are safe and functional
2. Remove surface coatings	2.1 Identify sequence for coating removal operation 2.2 Use equipment, chemicals and abrasives within manufacturer specifications and workplace procedures 2.3 Remove surface coating according to workplace procedures 2.4 Inspect surfaces to ensure removal of surface coating meets workplace standards 2.5 Report on defects found after removal of surface coating in accordance with workplace procedures

	2.6 Store and label item ready for next process
3. Clean work area and maintain equipment	3.1 Check, clean and store equipment and unused materials in accordance with workplace procedures 3.2 Tag unserviceable equipment, identify faults and inform appropriate personnel in accordance with workplace procedures 3.3 Clean work area, correctly store or dispose of chemicals and other materials and rubbish, and identify items for recycling in accordance with workplace procedures, regulations and environmental standards 3.4 Complete required workplace records

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria.

- Reading skills to interpret familiar workplace procedures and work documentation
- Writing skills to communicate simple information in familiar workplace documents
- Numeracy skills to measure and calculate area and estimate material requirements

Other foundation skills essential to performance are explicit in the performance criteria of this unit.

Unit Mapping Information

Release 1. Supersedes and is equivalent to MSFFF2003 Remove surface coatings.
