Assessment Requirements for MSFFM2014 Select and apply hardware

Release: 1

Assessment Requirements for MSFFM2014 Select and apply hardware

Modification History

Release 1. Changes to code, application, elements, performance criteria, assessment requirements. Foundation skills added. Range of conditions removed. Assessment requirements changed.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- select and apply 6 different items of hardware to cabinetry or other furniture items, including at least 3 of the following:
    - basket and lift systems
    - hinges
    - handles
    - drawer-runners
    - metal drawer systems
    - sliding rail systems
    - rotating or slide-out storage systems.

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- workplace procedures for:
    - work health and safety
    - quality assurance and tolerance levels
    - reporting of equipment faults and material defects
- furniture production workflow
- how to interpret basic aspects of furniture design documentation
- furniture materials and suitable hardware types and attachment methods:
    - manufactured board
    - solid timber
    - metal
- hand and power tools and personal protective equipment (PPE) typically required for hardware application.

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
    - furniture items requiring hardware
    - furniture design documentation
    - tools and equipment required for performance evidence
    - PPE
    - workplace procedures.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
