**Release: 1**

# Assessment Requirements for MSFID5017 Develop event decoration proposals

## Modification History

Release 1. Supersedes and is equivalent to MSFID5007 Decorate for events.

## Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and:

- developed decoration proposals for 3 events that respond to the project brief.
- 

## Knowledge Evidence

There must be evidence the candidate has knowledge of:

- mathematical procedures for estimation, measurement and calculation of costs
- elements and principles of design, their interrelationships, and how they are used in interior decoration
- ergonomics, anthropometrics, proxemics and aesthetic values
- different types of events and how decoration is used for different purposes and contexts
- potential event parameters, constraints and compliance requirements and how they impact on decoration
- types and features of resources that support the provision of design advice, and how they are used, including:
  - research tools
  - product tools
  - communication tools
- how different aspects of space impact on potential solutions, including:
  - access and egress
  - colour
  - size
  - shape
  - level of light
  - site location, capacity and orientation
  - structural features
- event characteristics and their impact on decoration:
  - concept and theme
  - target market
  - scale

- location (indoor and/or outdoor)
- different products and services for event decoration and how they are used:
  - decoration products:
    - accessories
    - finishes
    - furniture
    - lighting
    - materials
    - perishable items
  - contractors and consultants
- different ways of creating visual representations for design solutions
- formats and inclusions for event decoration proposals
- event display techniques.
- 

## Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
  - event briefs
  - spaces for decoration
  - measuring equipment
  - information technology for research and design presentation.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
