Assessment Requirements for MSFID6019 Produce digital presentations for commercial projects

Assessment Requirements for MSFID6019 Produce digital presentations for commercial projects

Modification History

Release 1. Supersedes and is equivalent to MSFID6009 Produce digital presentations for commercial projects.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and:

- used creative and critical thinking processes to produce a digital presentation for an interior design commercial project consisting of plans, elevations and/or sections and three dimensional (3D) views for 3 different spaces.

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- mathematical procedures for estimation and measurement
- elements and principles of design
- ergonomics, anthropometrics, proxemics and aesthetic values
- types of digital presentation methods for different contexts
- types of digital software packages for presentation of interior designs, their features and capabilities and how they are used to achieve desired outcomes
- techniques for interpreting 2D notions into 3D space
- digital presentation development and use
- standards, requirements, policies and procedures for producing digital presentations
- equipment and procedures for their safe use, operation and maintenance
- procedures for the recording, reporting and maintenance of digital records and information
- types of problems with digital presentations and how they can be resolved.

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
    - design briefs and associated concepts and design solutions for representation that need to be digitally presented
    - digital hardware and software.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
