# **MSFSS00003 Insulating Glass Unit Fabricator/Installer Skill Set**

**Release 2**

# MSFSS00003 Insulating Glass Unit Fabricator/Installer Skill Set

## Modification History

Release 2 - Imported units updated. Equivalent.

Release 1 - New Skill Set

## Description

This Skill Set has been developed for the upskilling of existing glaziers in the requirements for the fabrication and installation of insulated glass units (IGU's) so as to conform to the new standards of a growing market.

## Pathways Information

This Skill Set can only be achieved after completion of MSF30413 Certificate III in Glass and Glazing.

## Licensing/Regulatory Information

No licensing, legislative or certification requirements apply directly to this Skill Set at the time of publication. However, in some jurisdictions licensing or regulatory requirements may apply. Users are required to check local requirements.

## Skill Set Requirements

MSFGG2009 Fabricate and assemble frames

MSFGG3001 Store and handle glass

MSFGG3016 Fabricate and install residential windows and doors

MSFGG3017 Fabricate and install commercial glazing

MSS402051 Apply quality standards

## Target Group

People currently employed, or future employees, engaged in the fabrication and installation of insulating glazing units (commonly known as double glazing units).

## **Suggested words for Statement of Attainment**

These competencies from the MSF30413 Certificate III in Glass and Glazing meet the minimum industry requirements for the fabrication and installation of insulating glazing units as defined in AS/NZS4666.

## **Custom Content Section**

Not applicable.
