

**Australian Government**

**MSFSS00010 Insulating Glass Unit  
Fabricator/Installer**

**Release 1**

# **MSFSS00010 Insulating Glass Unit Fabricator/Installer**

## **Modification History**

Release 1. Supersedes and is not equivalent to MSFSS00003 Insulating Glass Unit Fabricator/Installer.

## **Description**

This Skill Set has been developed for the upskilling of existing glaziers in the requirements for the fabrication and installation of insulated glass units (IGU's) so as to conform to the new standards of a growing market.

## **Pathways Information**

This Skill Set can only be achieved after completion of MSF30413 Certificate III in Glass and Glazing.

## **Licensing/Regulatory Information**

No licensing, legislative or certification requirements apply directly to this Skill Set at the time of publication. However, in some jurisdictions licensing or regulatory requirements may apply. Users are required to check local requirements.

## **Skill Set Requirements**

MSFGG2016 Assemble glazing products

MSFGG3028 Select, cut and process materials for glazing products

MSFGG3039 Manually move glass

MSFGG3034 Install residential windows and doors

MSFGG3036 Install commercial glazing products

MSS402051 Apply quality standards

## **Target Group**

People currently employed, or future employees, engaged in the fabrication and installation of insulating glazing units (commonly known as double glazing units).

## **Suggested words for Statement of Attainment**

These competencies from the MSF30413 Certificate III in Glass and Glazing meet the minimum industry requirements for the fabrication and installation of insulating glazing units as defined in AS/NZS4666.

## **Custom Content Section**

Not applicable.
