MSFUP2010 Machine sew basic upholstery final cover materials

Release: 1

MSFUP2010 Machine sew basic upholstery final cover materials

Modification History

Release 1. Changes to code, application, elements, performance criteria, assessment requirements. Foundation skills added. Range of conditions removed. Assessment requirements changed.

Application

This unit describes the skills and knowledge required to sew upholstery final cover materials using simple sewing machines (flat bed, walking foot or overlocker) and techniques to join two or more pieces of upholstery fabric or vinyl and canvas together. Workers with this competency complete routine tasks in the upholstery sector.

No licensing or certification requirements exist at the time of publication. Relevant legislation, industry standards and codes of practice within Australia must be applied.

Competency Field

Upholstery

Elements and Performance Criteria

Elements	Performance Criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Prepare for task	1.1 Determine task requirements from work documentation 1.2 Identify and follow work health and safety requirements 1.3 Determine machines, materials, work method and sequence to meet task requirements 1.4 Identify equipment, supplementary equipment, components and controls and check they are safe and functional 1.5 Identify materials to be used, check they meet task requirements, including those for quality, and report problems in accordance with workplace procedures 1.6 Lay out work pieces in sequence in accordance with task requirements and workplace procedures
2. Control sewing operation	2.1 Set up sewing machine, including attachments, and adjust for task requirements 2.2 Operate machine to maintain required product quality and quantity

Elements	Performance Criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
	according to task and workplace requirements 2.3 Check that finished products meet task quality requirements and perform required repairs 2.4 Direct completed work to next operation in accordance with workplace procedures
3. Complete task	3.1 Check, clean and store equipment and any unused materials in accordance with workplace procedures 3.2 Tag unserviceable equipment, identify faults and inform appropriate personnel in accordance with workplace procedures 3.3 Clean work area, safely dispose of waste and identify items for recycling in accordance with workplace procedures 3.4 Complete required work records in accordance with workplace procedures

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria.

- Reading and writing skills to confirm work requirements and specifications, and to report work outcomes and problems, interpret basic plans and follow safety procedures.
- Numeracy skills to measure and calculate lengths and areas and estimate material requirements.

Other foundation skills essential to performance are explicit in the performance criteria of this unit.

Unit Mapping Information

Release 1. Supersedes and is equivalent to MSFUP2004 Machine sew basic upholstery final cover materials.
