Application

This unit of competency describes the skills and knowledge to log samples, check sample documentation, and schedule and prepare samples for testing in accordance with workplace procedures. This unit does not include testing, tissue processing or similar techniques.

This unit of competency applies to field and laboratory assistants in all industry sectors who receive and prepare samples as part/all of their job in a sample reception area.

No licensing or certification requirements exist at the time of publication. However, regulations and/or external accreditation requirements for laboratory operations exist, so local requirements should be checked. Relevant legislation, industry standards and codes of practice within Australia must also be applied.
