Release 3. Imported units updated to current versions. Equivalent.

Release 2. Imported units updated to current versions. Equivalent.

Release 1. New qualification. Supersedes and is equivalent to PMC30116 Certificate III in Manufactured Mineral Products, change to packaging rules.

Qualification Description

This qualification reflects the role of operators who perform a range of operations to directly produce manufactured mineral products for industry, including cement, pre-cast concrete, pre-mixed concrete, quarry and asphalt.

The operator will be able to work independently and to apply theoretical and technical knowledge and well-developed skills to undertake operations and exercise judgement in areas such as start-up and shutdown procedures and quality assurance.

The operator will be able to apply product and process knowledge to anticipate and solve a range of routine and non-routine problems. This includes developing solutions to new problems which do not have a known or recorded solution in procedures.

No licensing, legislative, regulatory or certification requirements apply to this qualification at the time of publication.

Entry Requirements

There are no entry requirements for this qualification.
