Qualification Description

The MSM51015 Diploma of Recreational Vehicles has been developed to reflect the role of senior technicians and managers in a recreational vehicle manufacturing, repair or service organisation. People with this qualification would be expected to undertake technical projects and/or manage departments or entire organisations undertaking the manufacture, service and repair of recreational vehicles, including:

- motor homes
- caravans
- camper trailers
- slide-ons
- fifth wheelers.

They may work in a service and repair facility or a manufacturer's factory. The organisation may build new recreational vehicles, repair recreational vehicles for insurance claims, modify existing recreational vehicles or undertake routine servicing.

They may work in a large manufacturing organisation or a smaller workshop.

There are no specific licences that relate to this qualification. However, some units in this qualification may have licensing or regulatory requirements depending on the work context. Local regulations should be checked for details.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

To be awarded the MSM51015 Diploma of Recreational Vehicles, competency must be achieved in **ten (10)** units of competency:

- **three (3)** core units of competency
- **seven (7)** elective units of competency, as specified below:
 - a minimum of **two (2)** units of competency must be selected from Group A

- the balance of units, to a maximum of **five (5)**, may be selected from:
 - units not previously selected from Group A
 - Group B units listed below.

Note: Up to **two (2)** elective units of competency may be selected from this Training Package, other endorsed Training Packages and accredited courses, as specified in Groups A and B.

Note: Where prerequisite units are identified they must be counted in the total number of units required for achievement of the qualification.
