# **MSMRV201 Source and use recreational vehicle industry information**

**Release: 1**

## MSMRV201 Source and use recreational vehicle industry information

### Modification History

Release 1. Supersedes and is not equivalent to MSMRVT201 Apply technical knowledge of recreational vehicle manufacturing to work activities. Changes to application, elements, performance criteria and assessment requirements. Range of conditions removed. Workplace outcome has changed.

### Application

This unit describes the skills and knowledge required to source, use and keep up-to-date information about the recreational vehicle industry. This includes workplace-specific information about one's job role and responsibilities including relevant policies, guidelines and procedures. It also includes industry-specific information about recreational vehicle manufacture, service and repair, including new and emerging technologies relevant to work, industry activities, events and volunteer roles.

No licensing or certification requirements exist at the time of publication. Relevant legislation, industry standards and codes of practice within Australia must be applied.

### Elements and Performance Criteria

Elements	Performance Criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Source recreational vehicle industry information	<p>1.1 Identify internal and external sources of accurate, relevant information applicable to the manufacture, service and repair of recreational vehicles</p> <p>1.2 Locate and collect in an accessible, usable form the position description for one's role and workplace policies, guidelines and procedures relevant to the role</p> <p>1.3 Identify opportunities to participate in industry activities, events and volunteer roles</p> <p>1.4 Monitor the identified sources, access the information, and determine its accuracy, currency and applicability to work activities</p>
2. Keep knowledge of new technologies current	<p>2.1 Identify and monitor sources of information about new and emerging technologies relevant to work</p> <p>2.2 Identify new-technology products or processes relevant to the workplace</p>

Elements	Performance Criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
3. Use recreational vehicle industry information in one's job role	3.1 Clarify any uncertainties about one's role and responsibilities as an individual worker and team member 3.2 Determine and meet quality requirements for one's output 3.3 Implement policies, guidelines and procedures relevant to the role to meet quality, compliance, health and safety and team participation requirements

## Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria.

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

## Unit Mapping Information

No equivalent unit.
