**Release: 1**

## MSMRV376 Install recreational vehicle windows and doors

### Modification History

Release 1. Supersedes and is equivalent to MSMRV320 Fit windows and doors to a recreational vehicle. Changes to application, elements, performance criteria and assessment requirements. Range of conditions removed.

### Application

This unit describes the skills and knowledge required to install windows (such as front, rear, kitchen, bedroom and bathroom windows) and doors (such as entrance, access, trunk and tunnel boot doors) in recreational vehicles.

The unit applies to a person working in a recreational vehicle manufacturing facility who undertakes routine tasks according to job instructions, plans/specifications and procedures and uses discretion and judgement in selecting equipment, services and contingency measures. They work with a high degree of self-direction and limited supervision. They apply known solutions to routine problems and report non-routine problems according to procedures. They are responsible for their output and have limited responsibility for the output of others.

No licensing or certification requirements exist at the time of publication. Relevant legislation, industry standards and codes of practice within Australia must be applied.

### Pre-requisite Unit

None

### Elements and Performance Criteria

Elements	Performance Criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
