Release: 1

MSMRV400 Hand over recreational vehicles to customers

Modification History

Release 1. Supersedes and is equivalent to MSMRV364 Hand over a recreational vehicle to a customer. Changes to application, elements, performance criteria and assessment requirements. Range of conditions removed.

Application

This unit describes the skills and knowledge required to hand over a new, serviced, repaired or modified recreational vehicle to the customer. It includes providing oral and written instructions about the operation of the vehicle and its accessories along with advice about restricted conditions of use, as well as ensuring the customer understands the information provided.

The unit applies to an experienced, trade-level or post-trade-level worker in a recreational vehicle sales or service and repair facility who uses trade-level knowledge, skills and experience to engage in a customer-facing role. They are commonly responsible for successfully communicating advanced technical information and ensuring customer satisfaction.

No licensing or certification requirements exist at the time of publication. Relevant legislation, industry standards and codes of practice within Australia must be applied.
