MSMSS00003 Use high pressure water jetting equipment

Release 1

MSMSS00003 Use high pressure water jetting equipment

Modification History

Release 1. Supersedes and is equivalent to MSASS00002 High pressure water jetting assistant

Description

Not applicable.

Pathways Information

These competencies can provide credit towards relevant qualifications in the MSM Manufacturing Training Package

Licensing/Regulatory Information

Not applicable.

Skill Set Requirements

MSMWJ201	Use high pressure water jetting equipment
MSMWHS110	Follow emergency response procedures
MSMWHS200	Work safely
MSMPER200	Work in accordance with an issued permit

Target Group

Members of the water jetting team who are not competent to operate independently need to have basic competencies before working under supervision. This not only involves technical competence in high pressure water jetting but also requires safe operation within the worksite which may not be familiar to the operator.

Suggested words for Statement of Attainment

These competencies from the MSM Manufacturing and other Training Packages meet the minimum industry requirements for a high pressure water jetting assistant.
