MSMSS00020 Operate a vacuum loading system

Release 1

MSMSS00020 Operate a vacuum loading system

Modification History

Release 1. Supersedes and is equivalent to MSMSS00006 Operate a vacuum loading system.

Description

This skill set reflects the skill requirements to safely and effectively operate a vacuum loading system independently.

Pathways Information

These units provide credit towards relevant qualifications in the MSM Manufacturing Training Package.

Licensing/Regulatory Information

Nil

Skill Set Requirements

Unit Code	Unit Title
MSMPER200	Work in accordance with an issued permit
MSMWHS110	Follow emergency response procedures
MSMWHS200	Work safely
MSMWJ306	Operate a vacuum loading system

Target Group

This skill set is for a member of a vacuum loading team who needs to be competent to operate independently. This not only involves technical competence in operating vacuum loading systems but also requires safe operation at a worksite that is not familiar to the operator.

Suggested words for Statement of Attainment

These competencies from the MSM Manufacturing Training Package meet the minimum industry requirements for an independent operator of vacuum loading systems.
