MSS015027 Implement sustainability plans

Release: 1

MSS015027 Implement sustainability plans

Modification History

Release 1. Updated unit code. Changes to elements and performance criteria. Range of conditions removed. Assessment requirements amended. Equivalent outcome.

Application

This unit describes the skills and knowledge to implement pre-existing sustainability plans. It also includes gaining support, monitoring and measuring the implemented changes and recommending further improvement or modifications. The improvements may be in response to planned or current regulatory requirements or may be related to organisation generated improvement proposals.

This unit applies inside organisations and their value chains.

This unit applies to a manager or technical specialist who has a major responsibility for sustainability as part of a broader work role, or sustainability may be their primary work responsibility. The manager or technical specialist may undertake this alone or as part of a team.

No licensing or certification requirements exist at the time of publication. Relevant legislation, industry standards and codes of practice within Australia must be applied.

Pre-requisite Unit

Nil

Competency Field

Sustainable operations

Unit Sector

Not applicable
