# **Assessment Requirements for MSS403022 Facilitate a Just in Time system**

**Release: 1**

# Assessment Requirements for MSS403022 Facilitate a Just in Time system

## Modification History

Release 1. Unit code changed. Application changed. Elements changed. Performance Criteria changed. Foundation Skills populated. Range of Conditions removed. Assessment Requirements changed. Workplace outcome has changed. Supersedes and is not equivalent to MSS403021 Facilitate a Just in Time system.

## Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- facilitate, with 2 or more other people, at least 3 improvements to support a JIT system.

## Knowledge Evidence

There must be evidence the candidate has knowledge of:

- levels of autonomy and decision-making parameters
- JIT methods relevant to own work area
- production data generated by the process and its application to JIT
- methods of gathering data against key performance indicators (KPIs)
- root cause analysis methods
- underpinning values relevant to competitive systems and practices including:
  - respect for people
  - respect for process
  - transparency and culture of learning
- facilitation techniques to encourage input to, and engagement with, improvements
- approaches to supporting team members to contribute and debate ideas
- possible skill and/or other development needs in relation to JIT and how to address them.

## Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources
- modelling of industry operating conditions, including:
  - functioning or in development JIT system.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
