MSS403080 Improve changeovers

Modification History

Release 1. Unit code changed. Application changed. Performance Criteria changed. Foundation Skills populated. Range of Conditions removed. Assessment Requirements changed. Supersedes and is equivalent to MSS403084 Improve changeovers.

Application

This unit describes the skills and knowledge required to map the requirements for changeover and identify how to reduce waste in the changeover process.

This unit applies to an individual who is required to work on more than one process, product or service and to effect changeover between them. The changeover may require change of equipment, parts, materials, physical/electronic files, computer software, templates or other aspects of the work.

This unit applies to any organisation that is implementing continuous improvement or more formal competitive systems and practices.

No licensing or certification requirements exist at the time of publication. Relevant legislation, industry standards and codes of practice within Australia must be applied.
