Assessment Requirements for MSS403081 Ensure process improvements are sustained

Assessment Requirements for MSS403081 Ensure process improvements are sustained

Modification History

Release 1. Unit code changed. Application changed. Performance Criteria changed. Foundation Skills section populated. Assessment Requirements changed. Supersedes and is equivalent to MSS403085 Ensure process improvements are sustained.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and demonstrated the ability to:

- complete at least 2 cycles that include both corrective action and audit for at least one previous improvement.

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- types of muda that may be found in the process or work area being improved and options to reduce these
- practices and/or approaches that support sustained improvements
- possible causes of underperformance and approaches to addressing them
- work health and safety, quality and environmental issues that affect the team or work area
- underpinning values relevant to competitive systems and practices including:
  - respect for people
  - respect for process
  - transparency and culture of learning.
  -

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources
- modelling of industry operating conditions, including:
  - • functioning competitive systems and practices environment.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
