Qualification Description

This qualification is intended for workers who provide technical services in the repair, cleaning, alteration or maintenance of textiles, clothing or footwear (TCF) products.

Workers would apply a breadth and depth of knowledge to a defined range of situations and would be expected to apply this knowledge to solve a defined range of predictable problems.

This qualification is typically applied in small and medium sized enterprises that provide specialist services for repair and alteration of footwear and garments as well as dry cleaning.

Elective units of competency should be packaged to meet the specialist skill needs of the area of application.

There are no specific licences that relate to this qualification. However, depending on the jurisdiction, licensing or regulatory requirements may apply to the use of some units in this qualification. Local regulations should be checked for details.
