Qualification Description

This qualification covers the skills and knowledge required to perform specialised production or multi-skilled operations and supervision roles within the textiles and clothing production environment.

Work outcomes require the ability to operate equipment and take responsibility for specialist production machines or processes where the work is mostly repetitive and predictable and the emphasis is on safety, efficiency, process control and problem solving.

There are no specific licences that relate to this qualification. However, depending on the jurisdiction, licensing or regulatory requirements may apply to the use of some units in this qualification. Local regulations should be checked for details.

Entry Requirements

There are no entry requirements for this qualification.

Packaging Rules

To be awarded the MST30116 Certificate III in Clothing and Textile Production, competency must be achieved in **nineteen (19)** units of competency:

- **five (5)** core units of competency
- **fourteen (14)** elective units of competency.

Note: Where prerequisite units are identified they must be counted in the total number of units required for achievement of the qualification.

Packaging for an industry specialisation

In addition to packaging for a generic outcome, elective units can be chosen to meet the specialist skill needs of the following areas of application:

- Textile production
- Clothing production

Core units of competency

Select all **five (5)** units of competency from the following list.

Unit code	Unit title
MSMENV272	Participate in environmentally sustainable work practices
MSMWHS200	Work safely
MSMSUP102	Communicate in the workplace
MSS402051	Apply quality standards
MSTGN3002	Organise and plan own work to achieve planned outcomes

Elective units of competency

Select up to **fourteen (14)** elective units as specified below.

- A minimum of **six (6)** units must be selected from Group A
- The remaining **eight (8)** units may be selected in any combination as below:
 - units not already selected from Group A
 - a minimum of **four (4)** units from Group B
 - a maximum of **four (4)** relevant units from other qualifications in this Training Package, other endorsed Training Packages and accredited courses where those units are available at Certificate II, III or IV.

Units selected from other Training Packages and accredited courses must be relevant to the qualification outcome and not duplicate units available within this qualification.

Group A – Specialist electives

If packaging for a generic qualification, select a minimum of **six (6)** units in any combination from the specialisation groups below.

If packaging for an industry specialisation, select a minimum of **six (6)** units from one of the specialist groups below.
