

**Australian Government**

# **Assessment Requirements for MSTCL2002 Provide hand sewing and finishing support**

**Release: 1**

# **Assessment Requirements for MSTCL2002 Provide hand sewing and finishing support**

## **Modification History**

Release 1. Supersedes and is equivalent to LMTCL2002B Provide hand sewing and finishing support

## **Performance Evidence**

Evidence required to demonstrate competence in this unit must be relevant to and satisfy the requirements of the elements and performance criteria, and include:

- reading and following work instructions, standard operating procedures (SOPs) and safe work practices
- applying relevant standards
- clarifying work requirements
- performing hand sewing tasks for at least two (2) garments or articles to workplace standards
- performing finishing tasks to at least two (2) garments or articles to workplace standards
- checking work complies with quality standards and job specifications
- submitting work for final quality checking.

## **Knowledge Evidence**

Evidence must be provided that demonstrates knowledge of:

- safe work practices and procedures and use of personal protective equipment (PPE)
- relevant Australian Standards
- hand sewing techniques
- finishing techniques
- quality standards and practices
- workplace procedures
- recording and reporting practices.

## **Assessment Conditions**

- Assessors must:
  - satisfy the assessor competency requirements that are in place at the time of the assessment, as set by the VET regulator
  - have vocational competency in hand sewing and finishing, at least to the level being assessed, with relevant industry knowledge and experience.

- Assessment should occur in operational workplace situations. Where this is not possible, or where personal safety or environmental damage are limiting factors, assessment must occur in a sufficiently rigorous simulated environment reflecting realistic operational workplace conditions. This must cover all aspects of workplace performance, including environment, task skills, task management skills, contingency management skills and job role environment skills.
- Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.
- Conditions for assessment must include access to all tools, equipment, materials and documentation required, including relevant workplace procedures, product and manufacturing specifications associated with this unit.
