MSTFP2005 Operate machine to sew upper

Release: 1

MSTFP2005 Operate machine to sew upper

Modification History

Release 1. Supersedes and is equivalent to LMTFP2005B Operate machine to sew upper

Application

This unit of competency covers the skills and knowledge required to align and sew uppers.

The unit of competency applies to loading, guiding and unloading machines to sew shoe uppers. Sewing involves basic sewing techniques, such as sewing in straight lines and using one type of material.

Basic sewing techniques include using manual and computerised sewing machines where the positioning of the work may be controlled by machine guide or work marker, and where there is uncomplicated feeding of material.

Work is conducted according to defined procedures and methods.

Work may be conducted in small to large scale enterprises and may involve individual and team activities.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Nil

Competency Field

Footwear production

Unit Sector

Not applicable

Elements and Performance Criteria

Elements describe the essential outcomes.

Performance criteria describe the performance needed to demonstrate achievement of the element.

1	Determine job requirements	1.1	Follow standard operating procedures (SOPs)
		1.2	Comply with work health and safety (WHS) requirements at all times
		1.3	Use appropriate personal protective equipment (PPE) in

			accordance with SOPs
		1.4	Identify job requirements from specifications, drawings, job sheets or work instructions
2	Prepare to sew upper	2.1	Check work bundle, assess quality of component parts and lay out work pieces in correct sequence
		2.2	Set up workbench and seating to achieve operator comfort and minimise fatigue
		2.3	Clean and check machine, and adjust machine settings according to manufacturer instructions and specifications for work
		2.4	Select threads according to specifications, check needle types and attachments, and change parts and worn needles as necessary
		2.5	Set stitch length, set up tension and test against specifications
		2.6	Test machine for correct operation
3	Perform machine sewing	3.1	Select pieces according to size, colour and style
		3.2	Accurately position materials and sew uppers to achieve required specifications
		3.3	Machine seams to achieve specific results and trim threads
		3.4	Regularly check performance of machine for signs of faulty performance and take follow-up action to address faulty machine performance
4	Conduct final quality check and despatch work	4.1	Check final product to ensure workplace quality requirements are met
		4.2	Address production faults according to workplace procedures
		4.3	Bundle uppers, stack and store or despatch

4.4 Record production faults as required

4.5 Complete work records

Foundation Skills

This section describes those required skills (language, literacy and numeracy) that are essential to performance.

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions

This field allows for different work environments and conditions that may affect performance. Essential operating conditions that may be present (depending on the work situation, needs of the candidate, accessibility of the item, and local industry and regional contexts) are included.

Workplace procedures include one or more of the following:

- requirements prescribed by legislation, awards, agreements and conditions of employment
- SOPs
- work instructions
- oral, written and visual communication
- quality practices, including responsibility for maintenance of own work quality and contribution to quality improvement of team or section output
- housekeeping
- tasks related to environmental protection, waste disposal, pollution control and recycling
- WHS practices

Australian Standards include:

- the relevant industry or Australian Standards that are current at the time this unit is being undertaken

Operations include:

- lining stitching
- back seaming
- binding
- bar tacking
