Application

This unit of competency covers the skills and knowledge required to perform tasks to support production.

The unit of competency applies to a range of manual tasks that support production processes and which are not covered by a specific unit of competency. Production support tasks include cleaning and housekeeping, assisting in loading, feeding and unloading transporting equipment, loading and unloading materials from machines, storing materials, and recording and documenting tasks.

Work may be conducted in a variety of environments, including operational workplace activities, restricted space and hazardous, controlled or exposed conditions.

This unit of competency is applicable to all sectors of the textiles, clothing and footwear (TCF) industry. Work is conducted according to defined procedures.

Work may be conducted in small to large scale enterprises and may involve individual and team activities.

No licensing, legislative or certification requirements apply to this unit at the time of publication.
