Assessment Requirements for MSTGN2022

Perform tasks to support production

Release: 1

Assessment Requirements for MSTGN2022 Perform tasks to support production

Modification History

Release 1. Supersedes **and is equivalent to** MSTGN2010 Perform tasks to support production.

Performance Evidence

There must be evidence the candidate has completed the tasks outlined in the elements and performance criteria of this unit, and:

- performed tasks to support production, including:
 - at least 1 general production-related task
 - at least 1 cleaning task
 - at least 1 task to transfer or remove materials or products, using correct manual handling techniques.

Knowledge Evidence

There must be evidence the candidate has knowledge of:

- safe work practices and procedures and use of personal protective equipment (PPE)
- key requirements of Australian or industry standards, relevant to the material or product
- workplace procedures for:
 - cleaning and housekeeping
 - handling, storage and disposal of cleaning chemicals
 - maintenance planning
 - manual handling
 - quality standards and practices
 - recording and reporting.
 - use of hand tools and equipment
 - work health and safety, including hazard identification and control measures

Assessment Conditions

Skills must have been demonstrated in the workplace or in a simulated environment that reflects workplace conditions and contingencies. The following conditions must be met for this unit:

- use of suitable facilities, equipment and resources, including:
 - a textiles, clothing and footwear (TCF) production environment set up with related standard operating procedures (SOPs)

- cleaning equipment and consumables
- materials and products to be moved.

Assessors must satisfy the NVR/AQTF mandatory competency requirements for assessors.
