**Release: 1**

# MSTGN3018 Support sustainable practice in apparel and textile design and production

## Modification History

Release 1. New unit.

## Application

This unit describes the skills and knowledge required to source information about sustainability in the context of apparel and textile design and production, use sustainable work practices and contribute to improved sustainability.

This unit applies to all workers in the textile, clothing and footwear industries.

No licensing or certification requirements exist at the time of publication. Relevant legislation, industry standards and codes of practice within Australia must be applied.

## Pre-requisite Unit

Nil

## Competency Field

Generic

## Elements and Performance Criteria

| Elements                                   | Performance Criteria                                                                                                                                                                                                                                                                                                                                                                                                                                     |

| Elements describe the essential outcomes. | Performance criteria describe the performance needed to demonstrate achievement of the element.                                                                                                                                             |
| improved sustainability                   | <p>improved</p> <p>3.2 Share information and ideas with others about potential opportunities based on the nature of the work</p> <p>3.3 Identify and use opportunities to maintain currency of own knowledge about sustainable practice</p> |

## Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential to performance but not explicit in the performance criteria.

- Reading skills to interpret diverse and unfamiliar information about sustainability
- Oral communication skills to liaise with others about both factual information and ideas.

Other foundation skills essential to performance are explicit in the performance criteria of this unit.

## Unit Mapping Information

No equivalent unit.
