MSTGN5013 Prepare technical workplace documentation

Release: 1

MSTGN5013 Prepare technical workplace documentation

Modification History

Release 1. Unit Code, Title and Application changed. Title changed to broaden application and reflect content. Elements and Performance Criteria completely restructured and workplace monitoring aspect removed. Foundation Skills field populated. Range of Conditions removed. Assessment Requirements clarified with generic foundation skills statements moved to appropriate section and duplication with Performance Criteria removed. Supersedes and is not equivalent to MSTGN5007 Prepare procedures and specifications for TCF operations and MSTTD5008 Develop textile designs and specifications.

Updated 26/6/2023 to correct supersedes MSTTD5008, not MSTFD5008.

Application

This unit describes the skills and knowledge required to establish documentation requirements and draft information that provides concise and unambiguous direction and guidance for workplace activities. Documentation may be technical specifications, design and production specifications, operating procedures or technical manuals.

This unit applies to any worker responsible for the creation of complex documentation.

No licensing or certification requirements exist at the time of publication. Relevant legislation, industry standards and codes of practice within Australia must be applied.

Competency Field

Generic

Elements and Performance Criteria

Elements	Performance Criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1.
