MSTGN5017 Assess impacts of emerging industry innovations and practices

Release: 1

MSTGN5017 Assess impacts of emerging industry innovations and practices

Modification History

Release 1. Unit code, Title and Application changed. Content broadened from fashion. Elements and Performance Criteria re-structured. Performance Evidence and Knowledge Evidence reworked. Supersedes and is not equivalent to MSTFD5029 Assess impact of current fashion industry innovations and practices.

Application

This unit of competency describes the skills and knowledge required to research emerging industry innovations and practices and assess their impact on own practice.

The unit applies to individuals working in any area of the textiles, clothing and footwear (TCF) industry in job roles that require the ability to research and critically analyse information for its application to business and work practice.

No licensing or certification requirements exist at the time of publication. Relevant legislation, industry standards and codes of practice within Australia must be applied.

Pre-requisite Unit
