**Release: 1**

# MSTLG3003 Sew leather by hand

## Modification History

Release 1. Supersedes and is equivalent to LMTLG3003A Sew leather by hand

## Application

This unit of competency covers the skills and knowledge required to sew panels or pieces of leather by hand. It involves a range of techniques, including stitching of seams, reinforcements, general repairs and new work, on a range of leather pieces.

Work may be conducted in small to large scale enterprises and may involve individual and team activities. Work is performed within industry codes, standards and defined procedures.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

## Pre-requisite Unit

Nil

## Competency Field

Leather production

## Unit Sector

Not applicable

## Elements and Performance Criteria

Elements describe the essential outcomes.

Performance criteria describe the performance needed to demonstrate achievement of the element.

1	<b>Determine job requirements</b>	1.1	Follow standard operating procedures (SOPs)
		1.2	Comply with work health and safety (WHS) requirements at all times
		1.3	Use appropriate personal protective equipment (PPE) in accordance with SOPs
		1.4	Identify job requirements from specifications, drawings, job sheets or work instructions

- |   |                                |     |   |
|---|--------------------------------|-----|---|
| 2 | <b>Prepare work pieces</b>     | 2.1 | Receive, check pieces and assess any follow-up action in accordance with workplace procedures, including quality checks |
|   |                                | 2.2 | Assess quality of received component parts or pieces  |
|   |                                | 2.3 | Lay out work pieces in accordance with workplace procedures and specifications  |
| 3 | <b>Prepare workstation</b>     | 3.1 | Set up workbench and seating to achieve operator comfort and to minimise fatigue  |
|   |                                | 3.2 | Keep records in accordance with procedures  |
|   |                                | 3.3 | Select threads according to specifications  |
|   |                                | 3.4 | Check and change needle types as necessary  |
|   |                                | 3.5 | Determine stitch length and tension according to manufacturing schedule   |
| 4 | <b>Perform hand sewing</b>     | 4.1 | Select pieces according to size, colour and style   |
|   |                                | 4.2 | Sew seams by hand to achieve specified results and quality expectations   |
|   |                                | 4.3 | Trim threads, where required  |
|   |                                | 4.4 | Reinforce products according to style   |
|   |                                | 4.5 | Perform decorative hand stitching in accordance with specifications   |
|   |                                | 4.6 | Assess final quality check for hand sewing operation against specifications   |
| 5 | <b>Despatch completed work</b> | 5.1 | Bundle, stack, store or despatch completed component parts, panels or pieces  |
|   |                                | 5.2 | Record production faults  |
|   |                                | 5.3 | Complete records  |

## Foundation Skills

This section describes those required skills (language, literacy and numeracy) that are essential to performance.

Foundation skills essential to performance are explicit in the performance criteria of this unit of competency.

## Range of Conditions

This field allows for different work environments and conditions that may affect performance. Essential operating conditions that may be present (depending on the work situation, needs of the candidate, accessibility of the item, and local industry and regional contexts) are included.

**Workplace procedures include one or more of the following:**

- requirements prescribed by legislation, industry codes and standards, awards, agreements and conditions of employment
- SOPs
- work instructions
- oral, written and visual communication
- quality practices, including responsibility for maintenance of own work quality and contribution to quality improvement of team or section output
- housekeeping
- tasks related to environmental protection, waste disposal, pollution control and recycling
- WHS practices

**Australian Standards include:**

- the relevant industry or Australian Standards that are current at the time this unit is being undertaken

**Decorative hand stitching includes one or more of the following:**

- fancy and mock stitching
- cable stitching
- glove stitching
- top stitching

**WHS practices**

WHS practices must include hazard identification and control, risk assessment and implementation of risk reduction measures specific to the tasks described by this unit, and include one or more of the following:

- manual handling techniques
- PPE
- safe materials handling
- ergonomic arrangement of workplaces

- following marked walkways
- safe storage of equipment
- housekeeping
- reporting accidents and incidents
- other WHS practices relevant to the job and enterprise
